Mr. Chuck Mazzola
President
ProShop Millwork & Design
Bend, OR 97701

Dear Mr. Mazzola,

I'd like to thank you and your entire team for the tremendous job and effort in putting together the fabulous plan and shop at Inglewood Golf Club. Your outstanding work and thorough planning has made our new facility the talk of the town in the Seattle area. I am caught daily by a member of another private club who wants to know who was involved the process and the building of our new golf shop; this is especially satisfying considering all the new golf shops that have been built within our section the past few years!

Please pass on my appreciation as well as the membership's for the outstanding product and facility we now enjoy at Inglewood Golf Club. I am personally thankful for the extra time and effort you put forth in matching the wood and color from our locker room remodel, as well as the time spent going through our facility to create the proper historical look for our new fixtures. I can't thank you and your team enough for all your efforts; you have made quite an impact on our facility and its sales!

I really appreciate all that you have done for us at Inglewood and please don't hesitate to contact me for any assistance with another facility or building in the future. You guys are the best! I can be reached at 425-488-7000 or with email pro@inglewoodgolfclub.com.

Most sincerely,
