

THE OLYMPIC CLUB

April 12th 2013

Chad Clark
Project Manager
Proshop Millwork & Design
Bend, Oregon

Dear Chad,

My name is Chris Stein and I am the Head Golf Professional at The Olympic Club. In 2011, our golf shop was in dire need an overhaul and upgrade and we called upon Proshop Millwork & Design to make this happen. And we were not disappointed; from the look, the service and the way the job was completed on time was outstanding. We were very pleased with the communication we had with everyone, you always listened to what we exactly wanted and you also offered some great advice to enhance our Golf Shop.

Our sales went up 25 to 30% and we have such a cleaner, rich look when you enter our shop. The fixtures are holding up fantastic and we receive compliments everyday from our members and guests.

If there are any other clubs looking to enhance their golf shop I would not hesitate to recommend Proshop Millwork & Design as the company to go with.

Thank you again for making our operation look and run beautifully.

Sincerely

Chris Stein
